

Quick Connect Magnetic Bit Holder

Designed to work as hard as you do

Grabber's magnetic bit tip holder is contractor-grade and designed for performance. Grabber's bit tip holder is made from shock-resistant tool grade-steel for maximum durability. A hardened core and heat treatment add additional strength and wear and breakage resistance. An extra-strong magnet securely holds bit tips in place.

Designed for 1/4-in hex shank bits.

Solid one piece construction

Knurled Quick Change Sleeve

Extra-strength magnet
